Fleet Performer When the faun Plays the Pipes to cast a spell, he can Step or Stride as part of the activity.

Play the Pipes ♦♦♦ (auditory, primal); **Requirements** The faun is holding a musical instrument.

Effect The faun plays a melody on his instrument to cast charm, fear, sleep, or suggestion without expending the spell slot and using his music in place of providing the spell's component actions. The spell gains the auditory trait and targets all creatures in a 60-foot emanation instead of its usual targets. A creature that succeeds at its Will save against any spell is then temporarily immune from spells played from that faun's pipes for 1 minute. Fauns and Satyrs are immune to this music.
